

# We've made it easier to get in touch

with a dedicated inbox for nurses and clinical  
teams, managed by Layla and Beth.

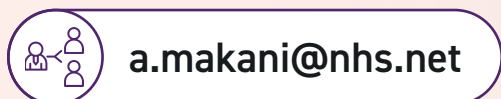

## Introducing our new Clinician Liaison inbox for:

- Product enquiries
- Sample requests
- Patient support queries
- Service or liaison questions

Our team will make sure your  
message reaches the right person  
and respond as quickly as possible.

## Direct Referrals

We're set up with a .net account, making  
it easier to process referrals through  
recognised NHS channels.

*Emails sent to this address are received directly  
by Amir Makani and managed separately from the  
Clinician Liaison inbox.*

## Your point of contact:

Layla & Beth  
Clinician Liaison Team

# What You Can Expect When You Contact Us

- ✓ You'll speak to a real member of the team
- ✓ We'll route your enquiry appropriately
- ✓ No need to chase multiple contacts
